## PARENTS AND CITIZENS:—

The school year just closed has been, as a whole, very satisfactory. This year we have had more efficient teachers, and therefore more successful schools than hitherto. The greatest difficulty with which the board has to contend is procuring competent teachers with the prices we can afford to pay. Another difficulty under which our district scholars labor, is the frequent change of teachers, and the teachers being educated in the different academies and schools, no two have the same system. So you can readily see that by changing teachers almost every term, the teacher is obliged, in almost every case, to cover, in many things, the same ground as her predecessor. In the opinion of your committee this is the main reason why our schools do not make better progress. At the same time the parents are too quick to find fault, the teacher too quick to take offense; while the board neglect to investigate in many cases. All this, we are sure, could partially, if not wholly, be overcome by the co-operation of parents, teacher and committee. Nevertheless the schools this year have, as a whole, been very successful. Rapid progress has been made, and satisfactory work has been done.

## ROLL OF PERFECT ATTENDANCE.

Pupils who have not been absent or tardy during the year: Arthur G. Calef. Two terms: Josie Woodward, Lizzie E. Morgan, Lizzie G. Wiggins, Walter Gay. One term: Gustie M. Todd, Fred A. Todd, Eva A.
